After an executive session of two nours, the Board of Police Commission-ers, hearing charges of Conduct unbeoming an officer against Detective Sergeant Fred L. The continuance was decided upon when it was said by one of those attending the meeting that the statement had been made that Assistant District Attorney Bram M. No witnesses were heard by the board at the hearing last night. The commissioners decided that some of the witnesses against Krengel, in the cases in which he denied any participation, were of such a character that they could not be believed on oath, and that their testimony would be valueless. In two cases the detective sergeant ad-mitted selling merchandise, and, this being true, it was deemed unnecessary to hear the testimony of the vitnesses who had been suppoped who had been summoned.
